THE

HAWK

1966

Johnston Central High School
Smithfield, North Carolina

**JOHNSTON COUNTY HERITAGE CENTER
SMITHFIELD, N.C.**

FOREWORD

The Senior Year of the class of 1966 is nearly over. We look back now, in the twilight of our high school years, to the days when we were freshmen, and then we think of the intellectual darkness which encompassed us.

But that was nearly four years ago, and the interim period some of the darkness has been lifted. The light has begun to dawn and the darkness is being dispelled.

Here, then is the 1966 HAWK. We hope you enjoy it. And may the lights which have guided us for four years guide the classes of the years to come.

BRIEF HISTORY OF JOHNSTON CENTRAL HIGH SCHOOL

Our school has been a standardized one since 1925. It is a union or consolidated school where grades 1 through 12 are taught.

Since 1922, it has increased its faculty from 11 teachers to the present 49 teachers; and the student body has grown from 513 to the 1015 presently enrolled. From the student body, the graduates have increased from 16 in 1925 to 109 in 1960.

Of the principals, our school has only had eight; namely John Byrd, Charlie Smith, William M. Cooper, J. B. A. Prather, W. H. A. Howard, A. J. Taylor, W. E. Collins and our present Principal J. F. McNeill.

The many other achievements and praiseworthy growth of our school can best be seen when written in the following manner:

AREAS:

1. A Homemakers Center which approaches the model set by the state.
2. The school plant consists of six modern buildings; a 23 classroom building, a 10 room annex housing the primary department, a vocational building, a physical education center, a cafeteria and a south campus elementary building.
3. An active Alumni Association with branches in New York City and Brooklyn, New York, Baltimore, Maryland, Washington, D. C., Raleigh and Smithfield, North Carolina.
4. Physical Education Department which sponsors Intramural and Interscholastic competition.

ACHIEVEMENTS:

1. The volumes in the library increased from 350 in 1922 to a book collection of over 3000.
2. The teachers of Home Economics have become the connecting link between the school and the home where the girls do their practice work as homemakers.
3. Our graduates are represented in the leading colleges of the nation and at work as teachers, ministers, doctors, mechanics, morticians, nurses, cosmetologist, and government workers. Locally, we maintain fine inter-racial relationship.
4. Once a year at commencement, the school has adopted the practice of presenting awards to members of the Alumni Association who have in some way excelled their positions. This Honorary Achievement Award has been presented continuously since 1945.

OUR PHILOSOPHY:

We believe in the democratic way of life, and education is the best device for perpetuating this way of living. Growth in democracy is predicted on action, thus every person is provided with the opportunity to participate in activities which are designed for the fullest development of the individual and improving society. Since curriculum planning must originate with the school and include the community, it is necessary that pupils, teachers and parents cooperate to their fullest extent in shaping the educational program to fit individuals for complete living.

We believe that human relations constitute the greatest challenge to man -- his ability to get along with one another and that it is the responsibility of the school to provide extensive opportunities for pupils' experiences in sharing and working together. We further believe that education will produce a self-reliant individual who is mentally and physically healthy; conscious of the problems which concern social groups, interested in solving these problems; poised in his contact with others; and appreciative of the finer things of life.

SCHOOL LOCATION:

Johnston Central High School is located in the Eastern part of the Town of Smithfield in the well known residential section called Belmont.

The school plant occupies a partial square. The main entrance is on East Massey Street. It is bound on the East by Durham Street, on the South by Harris Street, on the West by Collier Street, approximately five hundred yards from the Atlantic Coast Line Railroad Station.

ADMINISTRATION

OUR PRINCIPAL . . .

MR. J. F. MCNEILL
B. S. -- North Carolina College
M. S. -- Agricultural and Technical College

A skillful director, a competent leader, an exemplary citizen -- these are the attributes of our principal, Mr. Justin F. McNeill. The difficulty of his task is surmounted by his determination and his sense of responsibility. With loyalty, wisdom and perception, he has inspired our fondest respect.

CLASS HISTORY

In the beginning we were freshmen in the year of 1962. We set forward to tour the land of the future. We knew that this expedition was different, so different that it took special leaders to guide us safely through this unknown land. It so happened that these special persons were ones we all became better acquainted with, Mr. Ennis, Mrs. Freeman, Mr. Murphy and Mr. Wall.

Our leaders divided this vast group into sections. Each sections chose their own executives to help maintain guidance. Each member of the group played a very active role throughout the remaining of that year.

Another year and another task were coming, the sophomore year. The sophomore year was only our second climb toward success. We were nearing the top of the mountain.

Our team was hitched to a new crew. The leaders were Mr. Adams, and Mr. Wall. We were lucky that year to have Mr. Wall move up with us.

The captain Sandra Sanders, Co-Captain Edna Frazier, secretary Dora Dublin, and assistant Billie J. Lewis were elected to work as helpers for the group.

We were very energetic teammates all working toward success. During this year we lost one of our top honor roll students Charles Joyner. He was an exchange student from our school. We also gained new students that year, Brenda Watson, George Williams and Ruby Hargrove. We eagerly accepted them as adventures to the land of success, the year soon ended.

Our first aim was re-organization for our Junior Class. Under the leadership of Mr. Murphy and Mrs. McCoy we were almost to our goal. Captain John Turner, Co-Captain Edna Frazier, Secretary Billie J. Lewis, corresponding Secretary Sandra Sanders, and Treasurer George Williams.

Some of the highlights of the Junior year were the selecting of Miss Junior, Sandra Sanders; four of our teammates, George Williams, Barbara Liles, Gerald Rowland and Willie M. Russ were initiated into the National Honor Society; our Junior-Senior Prom Was most exciting! The theme "Arabian Nights" was the talk of the town. The scenery was magnificent. We had Junior week and a special day set aside for what we called "Hillbilly Day". This day we all dressed as farmers and Hillbillies. That was a day of much laughter and enjoyment. We almost hated to see the Junior year end because it was a year full of memories and gratitudes. As all good things must come to an end we were coming toward the climax of the goal we set out to achieve.

Success and rewards awaits us at the end of the mountain. We are finally on top of the mountain. Behind every great star there lies the true meaning of its brightness. Our leaders Mrs. C. G. Ennis and Mr. T.J. Dublin are our guiding light. We look towards them for guidance and understanding. Our Captain in command Willie Mae Russ, Co-Captain George Williams, secretary, Sandra Sanders, corresponding secretary Patricia Merritt and Treasurer Gerald Rowland. They were ready and willing to bring our expedition to success.

We can not express our gratitude to our principal Mr. J. F. McNeill for giving us permission for this great expedition.

The senior class has been very active thus far. The senior class was most honored to have one of our top seniors, George Williams as a finalist in the national Merit Scholarship Program. We express our congratulations and hope him much success.

The farce comedy "Here Comes Charlie" was presented as class play. Many other activities will climax our high school days including the grandest event of all, graduation.
